

Category: Apprentice of the Year

The Apprentice of the Year award highlights an individual who has made a significant contribution to their workplace, whilst demonstrating a commitment to both their career and the development of the sector. This individual is someone who is passionate and dedicated to their studies, who is eager and able to apply this knowledge to their career in a bid to positively impact the Built Environment and succeed in their field.

The headings below reflect the judging criteria, and you will need to provide the relevant information and evidence under each heading.
